Presently, the minimum local content requirement to categorize a supplier as 'Class-I and Class-II local supplier' is 50% and 20% respectively.

Firms who are not 'Class-I or Class-II local supplier' as mentioned in Package QR Pt-2 above shall not be eligible to bid.

Further, entities of countries which have been identified by the Nodal Ministry/Department identified under PPP-MII order, as not allowing Indian companies to participate in their Government procurement for any item related to that Nodal Ministry shall not be allowed to participate in bidding for all items/services related to that Nodal Ministry/Department, except for the list of items published by the Ministry/Department permitting their participation. The term 'entity' of a country shall have the same meaning as under the FDI Policy of DPIIT as amended from time to time.

The 'Class-I & Class-II local supplier' shall give a self-certification in his bid in the given format, indicating the percentage of Local Content and certifying that the item/services offered meets the Local Content requirement for 'Class-I & Class-II local supplier' and shall give details of the location(s) at which value addition is made. Further, in case of packages above Rs. 10 Cr, the 'Class-I & Class-II local supplier' shall provide a certificate from statutory auditor or cost auditor of the company (in the case of companies) or from a practicing cost accountant or practicing chartered accountant (in respect of suppliers other than companies) giving the percentage of Local Content. Any false declaration regarding Local Content by the bidder shall be a transgression of Integrity Pact and action shall be taken in line with provisions of the Integrity Pact and in line with the provisions of the PPP-MII Order.

It may be NOTED that purchase preference under relevant order/notification/guideline/policy for MSE and PPP-MII shall be applicable.

Margin of Purchase Preference The margin of purchase preference shall be 20%.

The following procedure shall be followed:

- Among all qualified and substantially responsive bids, the lowest evaluated bid will be termed as L1.
- If L1 bid is from an MSE, the contract will be awarded to L1.
- If L1 Bid is not from an MSE, the lowest evaluated bidder among the MSEs, will be invited to match the lowest evaluated bid (L1) price subject to MSE's evaluated bid price falling within the fifteen (15%) of the lowest evaluated bid (L1) price and the contract shall be awarded to such MSE subject to matching the lowest evaluated bid (L1) price.

In case such lowest eligible MSE fails to match the lowest evaluated bid (L1) price, the MSE with the next higher evaluated bid within fifteen (15%) of the lowest evaluated bid (L1) price shall be invited to match the lowest evaluated bid (L1) price and so on and contract shall be awarded accordingly. In case none of the MSEs within the fifteen (15%) of the lowest evaluated bid (L1) price matches the lowest evaluated bid (L1) price, then the contract may be awarded to the L1 bidder, if L1 bid is from a Class-I local supplier.

• If L1 Bid is neither from a Class-I local supplier nor from MSEs, the lowest evaluated bidder among the Class-I local suppliers, will be invited to match the lowest evaluated bid (L1) price subject to Class-I local supplier's evaluated bid price falling within the margin of purchase preference (i.e. 20%) and the contract shall be awarded to such Class-I local supplier subject to matching the lowest evaluated bid (L1) price. In case such lowest eligible Class-I local supplier fails to match the lowest evaluated bid (L1) price, the Class-I local supplier with the next higher evaluated bid within the margin of purchase preference shall be invited to match the lowest evaluated bid (L1) price and so on and contract shall be awarded accordingly.

In case none of the Class-I local suppliers within the margin of purchase preference (i.e. 20%) matches the lowest evaluated bid (L1) price, then the contract may be awarded to the L1 bidder.

"Class-II local supplier" will not get purchase preference in any procurement, undertaken by BGCL.

• For the purpose of matching of lowest evaluated bid (L1) price, the Class-I local supplier / MSEs would have to necessarily reduce all components of the quoted price on pro-rata basis. The reduction should not apply on the evaluation loading on account of functional guarantees and other loadings (if any, which are not dependent on quoted price). Further, the Contract shall be awarded on such revised/ reduced quoted price. The summation of the revised / reduced quoted price and the evaluation loading on account of functional guarantees and other loadings (if any) shall be equal to the lowest evaluated bid (L1) price.
